

The MEPECER

MEPEC's mission is to serve the interests of the English-speaking population in the Montérégie East region. We want to hear from you directly, meet with you and get your feedback on a variety of topics that are of concern to you.

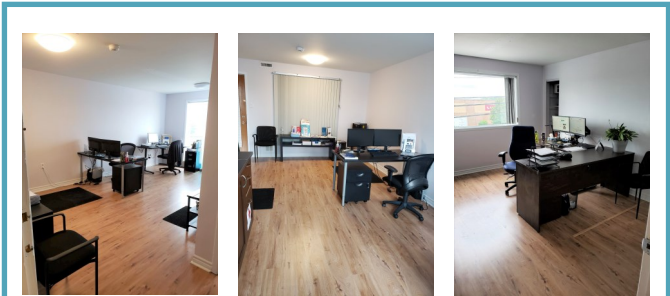

MEPECER NEWS

Since May, the MEPEC team has been working really hard on a new project that will benefit the English-speaking community of the Richelieu-Valley.

Due to the circumstances surrounding COVID-19, the RVCLC Community Library at Mountainview School, in Otterburn Park, had to move to make room for the students and allow them to learn in a safe and healthy environment. Upon learning of the situation from a library volunteer, MEPEC was quick to contact RVCLC and the volunteers to discuss a partnership to keep the library open.

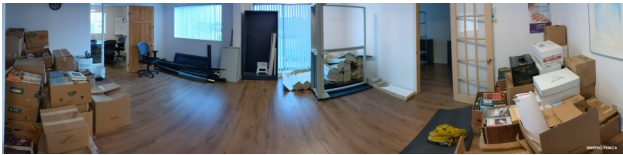

During the summer, an agreement was reached and on August 15th, the MEPEC team, members of the MEPEC's Board of Directors, the library volunteers and a dozen citizen volunteers joined forces to move the future **MEPEC Community Library** to the MEPEC premises.

To accommodate the library, MEPEC also had to increase its office space. A few days before the move, MEPEC signed an agreement with its current landlords to rent the office right next to the original office, Suite 105. It will be referred to as the **Administrative Office**.
